Dedication

*To all my fellow countrymen
who endured and still endure
almost the same martyrdom as the okies.*

Acknowledgements

I am most grateful to my supervisor Pr. Brian Lloyd Davies who guided me from the beginning to the end of this thesis.

I am indebted to all the lecturers of the Modern Languages Department, especially to the Head of that Department who allowed me to have full access to the library of the Department.

Finally, special acknowledgement is owed to FONCABA (Fond Catholique de Bourses en Afrique) which assisted me not only throughout my studies, but also in the completion of this thesis.
